INTRODUCTION

Is your device not properly turning on or charging? Consider using this guide to replace the battery in your phone.

TOOLS:

• iFixit Opening Tools (1)

Step 1 — Back Cover

- Turn the phone with the back cover facing towards you.
- Carefully remove the back cover by holding one corner of the case and carefully pulling it away from the phone.

The plastic case and inner components can break if not pulled carefully, so pull cautiously.

Step 2

Remove the back cover from your device.

Step 3 — Battery

- Find the gap on the bottom of the battery.
- With a tool or with your hands, pull the battery upward and set it aside safely.
- Remember to return the battery once you are done, safely placing it in the correct position or as how you first saw it.
- Be careful with old or damaged batteries and dispose of it appropriately

To reassemble your device, follow these instructions in reverse order.
