INTRODUCTION

This guide shows you which screws and which pieces to remove in order to access the wheel housing.

TOOLS:

۶

• Phillips #1 Screwdriver (1)

This document was generated on 2020-11-28 07:03:26 AM (MST).

Step 1 — Wheel

 Remove the 1.2 mm Phillips screws surrounding the wheel and take off the wheel cover.

Step 2

 Remove 1.2 mm Phillips screw from the white plastic piece in the center of the wheel and then remove the wheel entirely.

To reassemble your device, follow these instructions in reverse order.
