# INTRODUCTION

In this guide you will learn how to find and replace the battery in a Dell Inspiron 17R-N7010 laptop. Battery replacement is needed when you notice signs of battery failure such as not holding a charge for as long, taking longer to charge, not charging at all, or not powering on. This replacement is very basic and requires no tools.

## ⚙️ PARTS:

### Step 1 — Battery

- Flip over the laptop so the back is facing upwards.
  - Locate the battery compartment.
- ⚠️ Make sure your laptop is turned off before disassembly.

## Step 2

- Slide both locks away from the center of the battery.
- After you hear a click, pull out the battery.
