

Samsung Galaxy J5 (2017) (J530F) Display Replacement

Display replacement for the Samsung Galaxy J5 2017 J530F

Written By: Patrick Müller

INTRODUCTION

Use this guide to replace the display.

TOOLS:

- [New Item](#) (1)
- [Jimmy](#) (1)
- [Spudger](#) (1)
- [iFixit Opening Picks \(Set of 6\)](#) (1)

PARTS:

- [Samsung Display für J5 2017 J530F](#) (1)

Step 1 — Display

- Heat the surface of the display with a heatgun for approx. 2 minutes at 200°C.

Step 2

- Insert an iFixit Jimmy between the display and the rest of the device, and carefully cut through the adhesive around the phone.

Step 3

- Loosen the display, while still applying heat with the heat gun.
- The display may shatter.
- Carefully remove any broken glass with a vacuum.

Step 4

- Remove the cover on the display connector.
- Remove the display connector.

Step 5

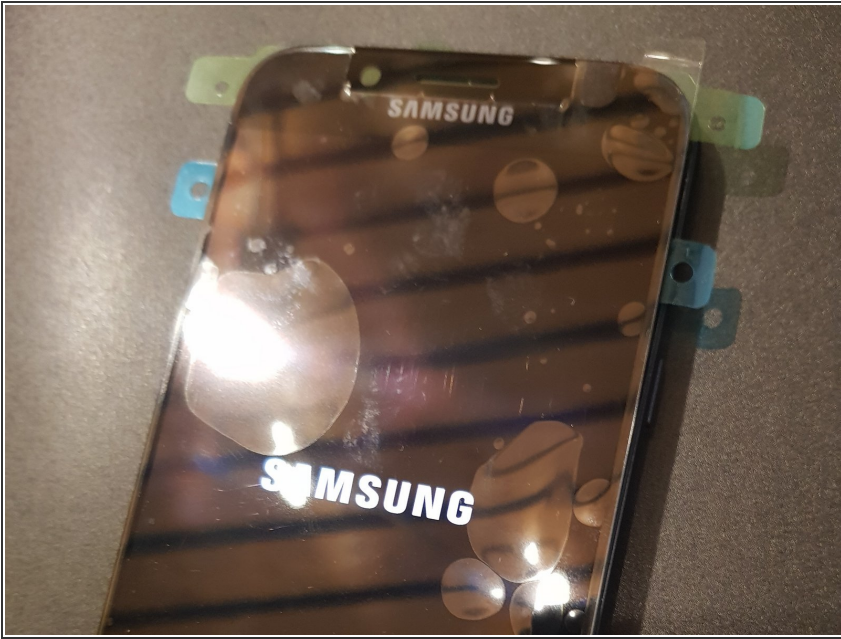

- Remove remnants of the old display and clean the phone.

Step 6

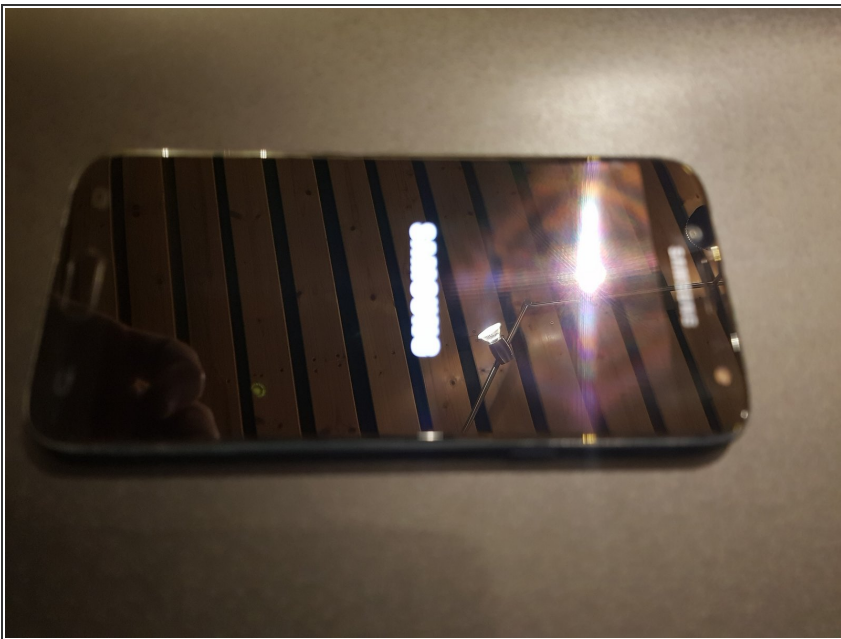

- Leave the original liner on the new display. Plug the new display in and test it.
- Turn the phone off again.

Step 7

- Remove the liners.
- Stick the new display to the phone.

Step 8

- finished
