

Gilbarco Fuel Dispenser Fuel Filter Replacement

We will illustrate how to replace a fuel filter in a Gilbarco fuel dispenser.

Written By: aimen alaina

INTRODUCTION

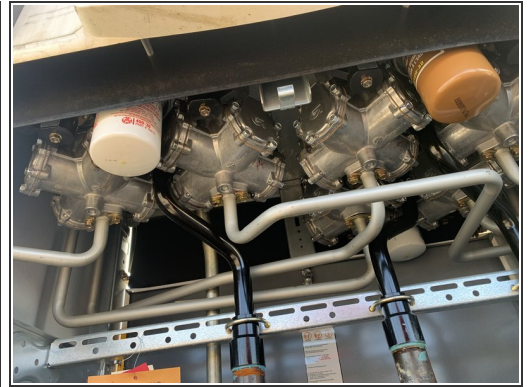

Just like any other filter, a fuel filter requires replacing after so much use. Rather than paying someone, you can do it yourself with a couple steps and only a filter wrench.

TOOLS:

- [Oil Filter Wrench](#) (1)
-

Step 1 — Fuel Filter

- Remove the cover panel from the fuel dispenser.

Step 2

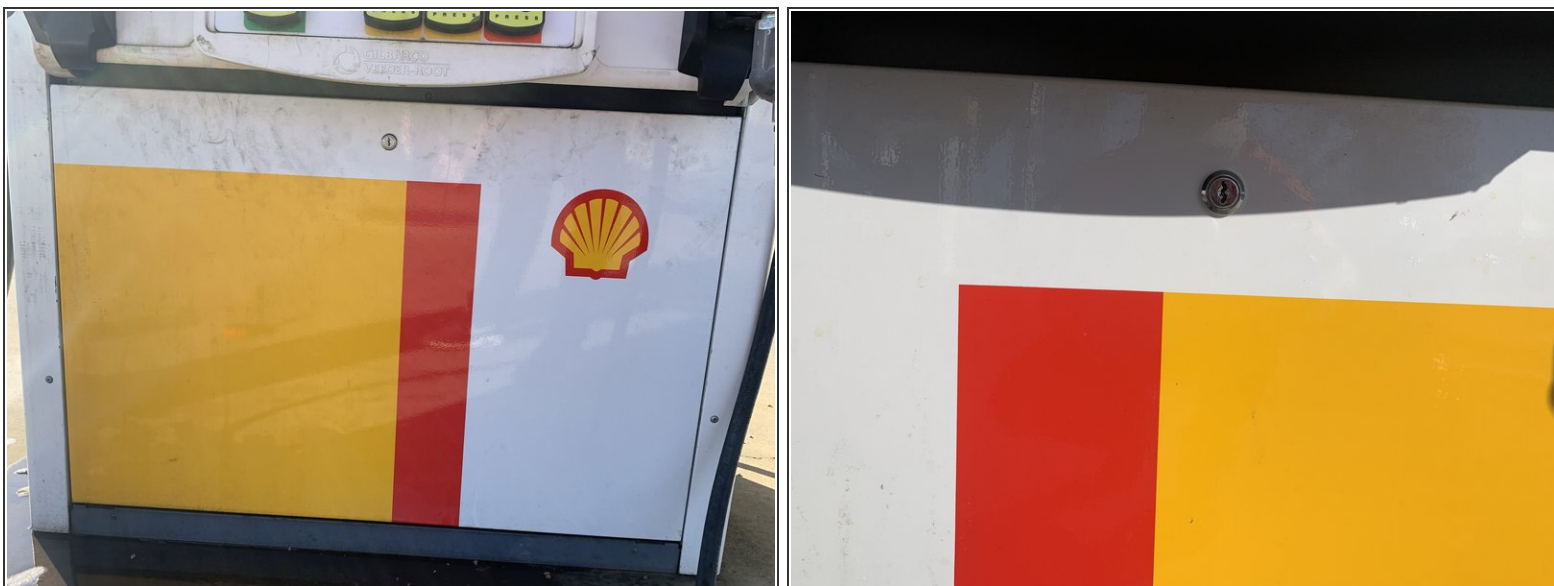

- Using a filter wrench, twist counter-clockwise to remove the old filter.

Step 3

- Once the filter has been removed, place the new filter over the housing and screw clock-wise to install.

Step 4

- After the filter has been installed, reattach the panel cover and lock it in place.

To reassemble your device, follow these instructions in reverse order.
