INTRODUCTION

The paper tray can be removed by flipping the printer upside down and pulling the paper tray out as if you were going to fill it with paper.
Step 1 — Flip the Printer Upside-down

- Gently turn over the entire machine and set down carefully.

Step 2 — Pull out the Paper tray

- Firmly grasp the tray and remove from rest of the printer.

Step 3 — You're Done!

- Purchase a replacement paper tray. And Slide it in place of the old tray!

To reassemble your device, follow these instructions in reverse order.
