INTRODUCTION

This manual provides a step by step guide to replacing the battery of a Toshiba C55D laptop. This is a fairly simple task and does not require a lot of time. The battery needs to be removed in order to disassemble other parts of the laptop as well as installing a new battery.

TOOLS:

Phillips #1 Screwdriver (1)

PARTS:

Toshiba TS-C55D Battery (1)

Step 1 — Battery

- Turn the laptop upside down so the battery faces upwards.
- Remove the two 7 mm Phillips screws that secure the battery.

Step 2

- Place both thumbs on the outside edges of the battery that meet the device.
- Push the battery out and away from the laptop.
- ⓘ The battery should slide out with little resistance.

To reassemble your device, follow these instructions in reverse order.
