INTRODUCTION

This guide gives quick steps to replace the battery on the BLU Dash 3.5.

TOOLS:

- [iFixit Opening Tools](#) (1)

PARTS:

- [Blu Dash 3.5 Battery](#) (1)

Step 1 — Battery

- Start by locating the slot on the lower right corner of the device.
- Insert the opening tool into the slot.
- Pry the back cover off. Once the corner is off, continue around the perimeter of the phone pulling the back off with your fingers.

 A fingernail can work to open the back in place of an opening tool.

Step 2

- Locate the indentation at the bottom of the battery.
- Insert your thumb and pull the battery out.

To reassemble your device, follow these instructions in reverse order.
